

TRIPLE K

A G R O F O O D S

FROM INDIAN AGRICULTURE TO THE GLOBAL MARKETS

We connect India's agricultural strength with global demand through trusted sourcing, quality-driven supply, and export-focused partnerships.

Indian Roots, Global Ambition

A family legacy in agriculture. A new vision for global markets.

Our Story

Our family's connection to agriculture goes back to 1992 with paddy trade and rice milling in Andhra Pradesh. Over time, that journey evolved into rice milling and the establishment of KKK Venkata Krishna Industries in Kurnool. Today, Triple K Agro Foods carries that foundation into a new generation, connecting international buyers with Indian agricultural products through sourcing, quality-focused supply, and export.

Rohith Kasamsetty, Founder and Proprietor

The Founder Quote

Built from a family connection to agriculture and driven by a vision to connect Indian agricultural strength with global markets.

From Kurnool roots to global opportunities.
